

FOOD DRIVE

SITE COORDINATOR INFORMATION

Thank you for signing up to be a site coordinator for our Food Drive!

Shelf stable proteins are the most needed item for our patients that are struggling in our community every day to feed their families. In addition, toilet paper, which is an everyday necessity for all of us and often taken for granted is much needed.

The **1st sheet** is an information flyer for you which explains how many points your team will earn for each item they collect. Teams are recognized in our newsletter, on our website and in our clinic as Food Pantry supporters. Recognition levels for the year are: 250 points, 500 points & 1000+ points. The top team each month is recognized on Social Media.

The **2nd sheet** is a flyer for you to post on bulletin boards at your office, church, community center, or to hand out to friends and family. You will be their point of contact. Please be sure to write your name and phone number on this form so that people know how to contact you, as well as list your drop of location and deadline date for donations. Be sure to enlist many people on your team to help you raise the most item donations.

For questions, please contact Nicole at HeartBright: (704) 373-3002

FOOD DRIVE
